1	My community, Warren. The culture and environment is what I love most, from what I've heard we have roughly 800 people in our area. I wouldn't want the size of Stonewall's population so maybe somewhere in between our current population and theirs. Versus the advantages of Winnipeg, I think we could take notes from them like better internet for sure, more activities in town like fast food (ex. Tim Hortons/Subway), movie theaters, stores it could lead to more money in the community and more opportunities for young jobs. At my age there is almost no where that I can get a job at 15, Rubber Ducky has my interest so I plan to look more into that but the store usually requires over 18 because of alcohol and cigarette sales, this is something that in my opinion is a necessity that it changes.	5/15/2020 8:51 PM
2	more jobs	4/29/2020 4:14 PM
3	More jobs and more places to hang out with friends and get together	4/23/2020 11:12 AM
4	More jobs for young people in the town. Development of the supposed business section of Warren.	4/21/2020 5:27 PM
5	Less vandalism, cleaner town	4/21/2020 4:12 PM
6	more jobs, a hotel, more restaurants, a Subway,	4/21/2020 4:08 PM
7	Safer community with less break ins. Better spring water drainage infrastructure.	4/18/2020 7:35 AM
8	Paved roads and proper sidewalks	4/17/2020 7:00 PM
9	Better education system	4/17/2020 10:01 AM
10	Safe community. Opportunity to learn COVID shows we could have more virtual learning. High speed internet here and all of Manitoba. Young families continuing with sports and recreation for children and also continued good work of 55 Plus to provide for seniors	4/17/2020 8:39 AM
11	Safe. More recreation activities.	4/17/2020 8:22 AM

1	More sports to be available, I played Volleyball, Basketball, Track n Field and Cross Country. I think that our school and most small town schools would benefit a lot from a football team or rugby team that is run from the school itself. My knowledge of hockey, soccer, baseball is limited so I could 100% be wrong about these sports but I think that their should be specific school sport teams if there already aren't. I understand that lots of these sports are limited by the participation of students but I have a strong belief that if kids are not wanting to get into sports and clubs that they either have a different interest which should be something that can be channeled in school like if they enjoy gaming instead of sports provide a after school club dedicated to bringing gamers together like an internet cafe or something that I think is overlooked by schools is that sometimes participation for after school activities is all due to the fact that kids are dying to get out the door and home at 3:30pm and if that is the case either our school days are too long or start too earlier or something about the environment and culture needs to change because that will always lead to students doing worse in school and dreading it. You can't create a healthy, effective and enjoyable school experience if you force feed it to students.	5/15/2020 8:51 PM

1	I personally found that before school and between classes and at lunch time and in the future years during my spares (when I have a free block in my classes because I have an extra credit) that there is nearly nothing to do at the school itself, I find myself always wanting to walk to my home or a friend's at lunch. I think the addition of more things to do in your spare time like maybe a swimming pool and a room that is purely meant for fun like a game room with a 8 pool table, computers for video games etc. would allow for school to lose a lot of the dread and boredom. This seems very childish and pointless but I promise this will lead to happier students which allows for more creativity, better learning and better grades which leads to better adults and workers later in life.	5/15/2020 8:51 PM
